

Parenting Children with AD/HD

Meet with other parents who understand both the joys and challenges of parenting children with ADHD. Share ideas and strategies for creating an environment where your child can flourish. Learn about the disorder and resources in the community. Education and support for parents is now available during an afternoon group meeting for six weeks. This group is for parents that are just learning about AD/HD and those who continue to live and learn about AD/HD.

- When: **Tuesdays 4-5pm for six weeks** **note new day and time*

this Fall beginning in November 2009

(This session will be held for parents while the Social Skills Group for 5-10year olds through the Neurodevelopment Center meets elsewhere; however it is open to any parents of a child with AD/HD)

- Where: **NSMC North Shore Children's Hospital in the Family Resource Center on the 4th floor**

Marguerite Roberts MS, NP ~ Facilitator

- **Cost: \$50 per parent/s per 6 week series**
- **New group will start with sufficient interest**

*Call the Family Resource Center at 978-354-2670 or email mroberts2@partners.org for information and registration
