   *Bypass-call 978-741-4151*

**Bad Weather Cancellations: Please call 978-741-1215 x 7228**

## **Class Descriptions:**

**Step:** Involves stepping on/off an adjustable platform to music using simple arm movements. Cardio portion is 30-40 minutes followed by 10-15 minutes of strength training.

**Muscle Conditioning:** The first 30 minutes involves cross training on a variety of cardio equipment with a staff member guiding you followed by 30 minutes of strength training for the entire body.

**Step Interval:** Easy to follow step routines alternating with sets of more intense movements (squats, weight work on floor etc.) Cardio portion is 30-40 minutes followed by strength training and relaxation.

**BootCamp:** This is a great all around class designed to challenge both your cardiovascular system along with your muscles. Move from station to station utilizing a variety of strength training equipment (tubes, weights, balls etc.) along with cardio machines/aerobic stations. All major muscles are worked. Balance training included. Stretching and relaxation follows.

**Open Gym:** The gym is open for you to exercise independently, using the cardiovascular and/or strength training equipment. An instructor is present if needed for assistance. [Strength training is led by an instructor if interested.](#)

---

- *Do not begin exercise or strength training unless an instructor is present.*
- *Arrive to class on time if participating in a group class.*
- *Be considerate of others. Do not stay on 1 piece of equipment longer than 20 minutes during busy hours.*
- *Always work at your own pace.*
- *Notify an instructor if you are not feeling well at any time.*
